Canyon Orthopaedic Surgeons

Introducing Your Physicians

Maxwell S MacCollum III, MD

Dr. MacCollum is the senior partner at Canyon Orthopaedic Surgeons. A Phoenix native, he graduated from Colorado College and the University of Arizona College of Medicine. Dr. MacCollum completed his orthopaedic training at Maricopa Medical Center and joined Canyon in 1989.

A fellow of the American Academy of Orthopaedic Surgeons, Dr. MacCollum was certified by the American Board of Orthopaedic Surgery in 1991 and successfully passed his re-certification examination in 2001. His areas of expertise include arthroscopy, fracture management, and the treatment of adult and pediatric orthopaedic disorders.

JF James Davidson, MD

A lifelong Arizonan, Dr. Davidson graduated with honors from Yale University and received his MD degree from Columbia University. He then completed his orthopaedic residency and a fellowship in sports medicine in Phoenix. Dr. Davidson is board certified by the American Board of Orthopaedic Surgery and is a fellow of the American Academy of Orthopaedic Surgeons. He has also served as an officer in the American Orthopaedic Society for Sports Medicine and the Arthroscopy Association of North America.

Dr. Davidson has published scientific papers and spoken nationally on topics ranging from anterior cruciate ligament reconstruction to arthroscopic rotator cuff repair. Locally, he participates in the education of residents and fellows and serves as a sideline team physician. His special interests include disorders of the shoulder and knee. Dr. Davidson has been with Canyon since 1994.

David W Sanders, MD

Dr. Sanders was elected to the prestigious Phi Beta Kappa Society at the University of Hawaii, where he received both his BS and MD degrees. He completed his orthopaedic training here in Phoenix, and is board certified by the American Board of Orthopaedic Surgery and a fellow of the American Academy of Orthopaedic Surgeons. Dr. Sanders is a member and officer of the Arizona Orthopaedic Society, and has served as the orthopaedic director for Samaritan Surgicenters of Arizona. He is also the president and two-time champion of the Hawaiian / Arizona Golf Club.

Dr. Sanders practices general orthopaedics and has a special interest in adult and pediatric fracture management and arthroscopy. He joined Canyon in 1995.

Curtis D Miller, MD

Dr. Miller graduated from Pacific Union College with academic distinction in 1982. He then attended Loma Linda University Medical School, where he was inducted into the Alpha Omega Alpha Honor Medical Society. After completing his orthopaedic residency at Loma Linda University in 1991, Dr. Miller served for four years in the United States Air Force, attaining the rank of major and serving as chief of orthopaedic surgery at Davis Monthan Air Force Base.

Following his military service, Dr. Miller completed a fellowship in adult lower extremity reconstructive surgery under the direction of Dr. Kenneth A. Krackow in New York. Dr. Miller is a board certified orthopaedic surgeon specializing in primary and revision total hip and knee replacement, knee arthroscopy, and osteotomies. Because of the complex nature of his practice, Dr. Miller has patients referred to him from throughout the southwestern United States. He joined Canyon in 1996.

Kent H Chou, MD

Dr. Chou attended Brigham Young University and graduated summa cum laude with a BA in English. He then attended Yale University School of Medicine, where he obtained his MD degree. He completed his residency in orthopaedic surgery and a fellowship in hand, upper extremity, and microsurgery at the University of Pittsburgh Medical Center. He has authored numerous scientific publications and has had his research presented at both national and international meetings.

Dr. Chou is a member of both the American Academy of Orthopaedic Surgeons and the American Society for Surgery of the Hand. He specializes in the treatment of disorders of the hand, wrist, elbow, and shoulder, and is the only fellowship-trained hand surgeon working exclusively in the West Valley. Dr. Chou has been with Canyon since 2004.

Anikar Chhabra, MD, MS

Dr. Chhabra graduated cum laude with a BA in economics from Harvard University, where he was also a four-year varsity basketball player. He then went to the University of Virginia, where he received his MD degree and completed his training in orthopaedic surgery. While at the University of Virginia, he also earned an MS degree for his work on tendon injuries. Dr. Chhabra then completed a fellowship in arthroscopy and orthopaedic sports medicine at the University of Pittsburgh Medical Center, where he served as an assistant team physician for the Pittsburgh Steelers, the University of Pittsburgh, and Duquesne University.

Dr. Chhabra has authored numerous scientific publications and has spoken at several national conferences. He has also been the recipient of many clinical and research awards. He specializes in arthroscopy, minimally invasive surgery, sports-related injuries, and complex disorders of the knee, including multiple ligament injuries, articular cartilage procedures, osteotomies, unicompartamental knee replacements, and meniscal transplants. He joined Canyon in 2005.
