

MAKE JOINT PAIN **MINIMALLY INVASIVE** TO YOUR LIFE.

**MINIMALLY INVASIVE
OPTIONS FOR
JOINT PAIN.**

Your life is busy but you need to take time to care for your health. That's why minimally invasive surgery at Centennial Medical Plaza may be perfect for you. We are on the forefront of many new alternatives. Consider being evaluated by one of our joint specialists if you suffer from:

- Knee pain
- Shoulder pain
- Stiffness or swelling
- Hip pain

FASTER RECOVERY TIME. LESS PAIN.

That's the whole idea behind minimally invasive surgery—with less scarring and less time out of commission for you. Unlike many outpatient surgery facilities, we offer up to 72-hour stays, board-certified physicians and nearly all of the services of a major hospital including 24-hour emergency care. And because we have almost twenty years of teamwork experience and are nationally rated as delivering some of the best patient care, what better place than Centennial Medical Plaza to have your procedure.
